

UNITED STATES JAYCEES 1982-83 DIRECTORY

THE JAYCEES®, A LEADERSHIP TRAINING ORGANIZATION

UNITED STATES JAYCEES FACTS

Name:	The United States Jaycees, formerly The United States Junior Chamber of Commerce. The name was changed in 1965 because of the misconception that the Jaycee organization was affiliated with the national Chamber of Commerce.
Scope:	Leadership training and personal development for young men, aged 18 through 35.
Membership:	Roughly 7,000 local chapters with some 275,000 members nationwide.
Purpose:	To offer young men the opportunity for personal development and leadership training. Major efforts are directed toward finding solutions to problems specific to their communities.
History:	The Jaycee movement was begun in St. Louis, Missouri, by Henry Giessenbier on October 13, 1915. His idea quickly spread and the national organization was formally created by 29 chapters at the first convention in St. Louis on January 21, 1920.
Headquarters:	The War Memorial Headquarters is located in Tulsa, Oklahoma, providing services to local chapters and state organizations through some 80 staff and employees.
Programs:	The U.S. Jaycees offers: Individual Development, Management Development and Community Development; Governmental Affairs; fundraising for muscular dystrophy research; youth programs and family life programs.
National Events:	Annual Meeting (June), International BB Gun Championships (July), National Model Legislature (Sept.), Healthy American Fitness Leaders Awards (Sept.), Congress of America's Ten Outstanding Young Men (Jan.) and the National Outstanding Young Farmer Awards Congress (Feb.)
President	Don E. Jones, Bossier City, Louisiana.
Jaycee White House:	Home of the U.S. Jaycees President during his term of office, which began July 1. The fully-furnished home is situated in suburban Tulsa.

Fellow Team Members:

This is the year to "make it happen!" Your efforts will determine our team's success. This year our organization moves forward, utilizing the Jaycee concept as our guide to a balanced success.

We are truly a leadership training organization. Work hard this year to grow as an individual and provide training to another young man. In that manner, we will all replace ourselves with competent leaders — young men that will direct our country's future. Our organization's growth and success secures our children's future.

This directory should serve as a reminder of the size and strength of our team. As you read it, reflect on your personal goals to make this year the best ever. The names listed are the leaders of the '80's. Among them are future Presidents. I have confidence that all your goals will be reached . . . and then some.

Jaycee leaders make things happen!

Yours in teamwork,

Don E. Jones
63rd President
U.S. Jaycees

The U.S. Jaycees War Memorial Headquarters was built in 1951 at a cost of \$250,000. Capital improvements, including a \$750,000 wing completed in February, 1973, increased the building's value to approximately \$1.4 million.

The Headquarters is an administrative service center for the nation's Jaycees. More than 90 headquarters personnel work together to provide technical assistance and develop programs for almost 7,500 Jaycee chapters in 50 states and the District of Columbia.

Besides providing office space for the National President and his staff, the headquarters building also contains Graphics and Word Processing Departments, a printing plant, mail order sales operation and a computerized accounting department.
